ADMIN OPERATIONS • MODULE 1

Staff Authentication, Security & 2FA Protocol

Access to the Vivadoxa Management Console is restricted to authenticated staff at **https://www.vivadoxamusic.com/admin/login**. The platform employs strict role-based access control (RBAC) and hardware-agnostic Two-Factor Email OTP verification.

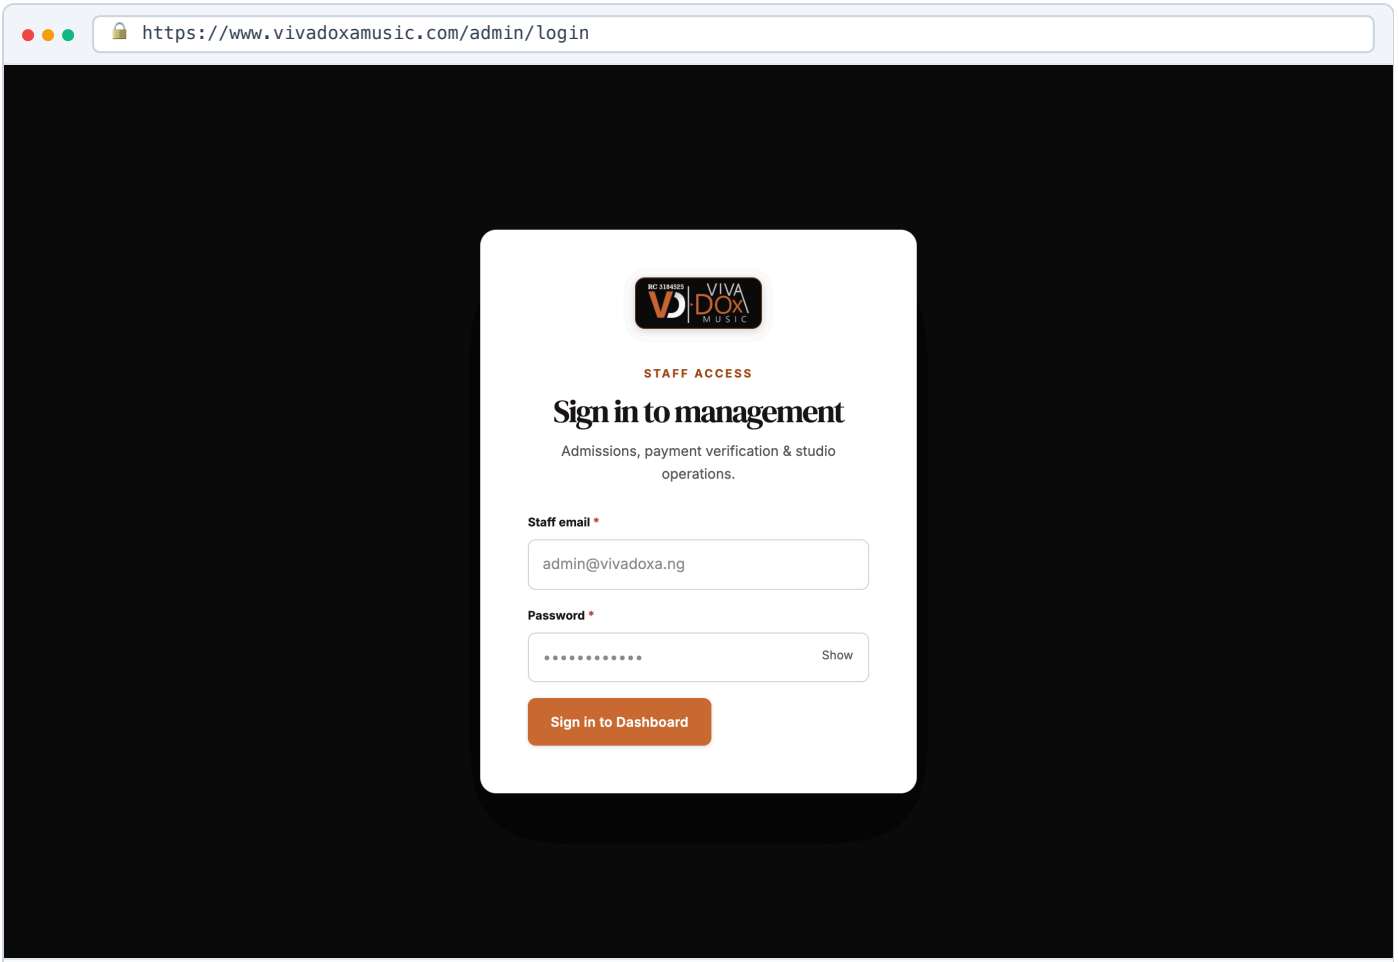

Figure 12.1: Staff Sign-In Portal with Zero-Trust Device Verification and 6-Digit Email OTP Challenge.

Live URL: https://www.vivadoxamusic.com/admin/login

Staff Sign-In & Device Verification Steps

1. **Enter Authorized Staff Credentials**
   Type your full staff email (e.g. `admin@vivadoxa.ng` or `staff@vivadoxamusic.com`) or username alias (e.g. `admin`) and your encrypted password.

2. **Device Recognition Check**
   If logging in from a registered browser, you are immediately routed to the dashboard. If logging in from a new computer, tablet, or changed IP, the system triggers 2FA security.

3. **Verify 6-Digit OTP Verification PIN**
   Open your staff email inbox, copy the 6-digit one-time code (valid for 10 minutes), paste it into the 2FA prompt, and click **"Verify Device & Sign In"**.

ADMIN OPERATIONS • MODULE 3

Admissions Desk & Admission Letter Issuance

The Admissions Desk at **https://www.vivadoxamusic.com/admin** (Applications Tab) enables admissions officers to review candidates, manage statuses, and digitally release official signed admission letters.

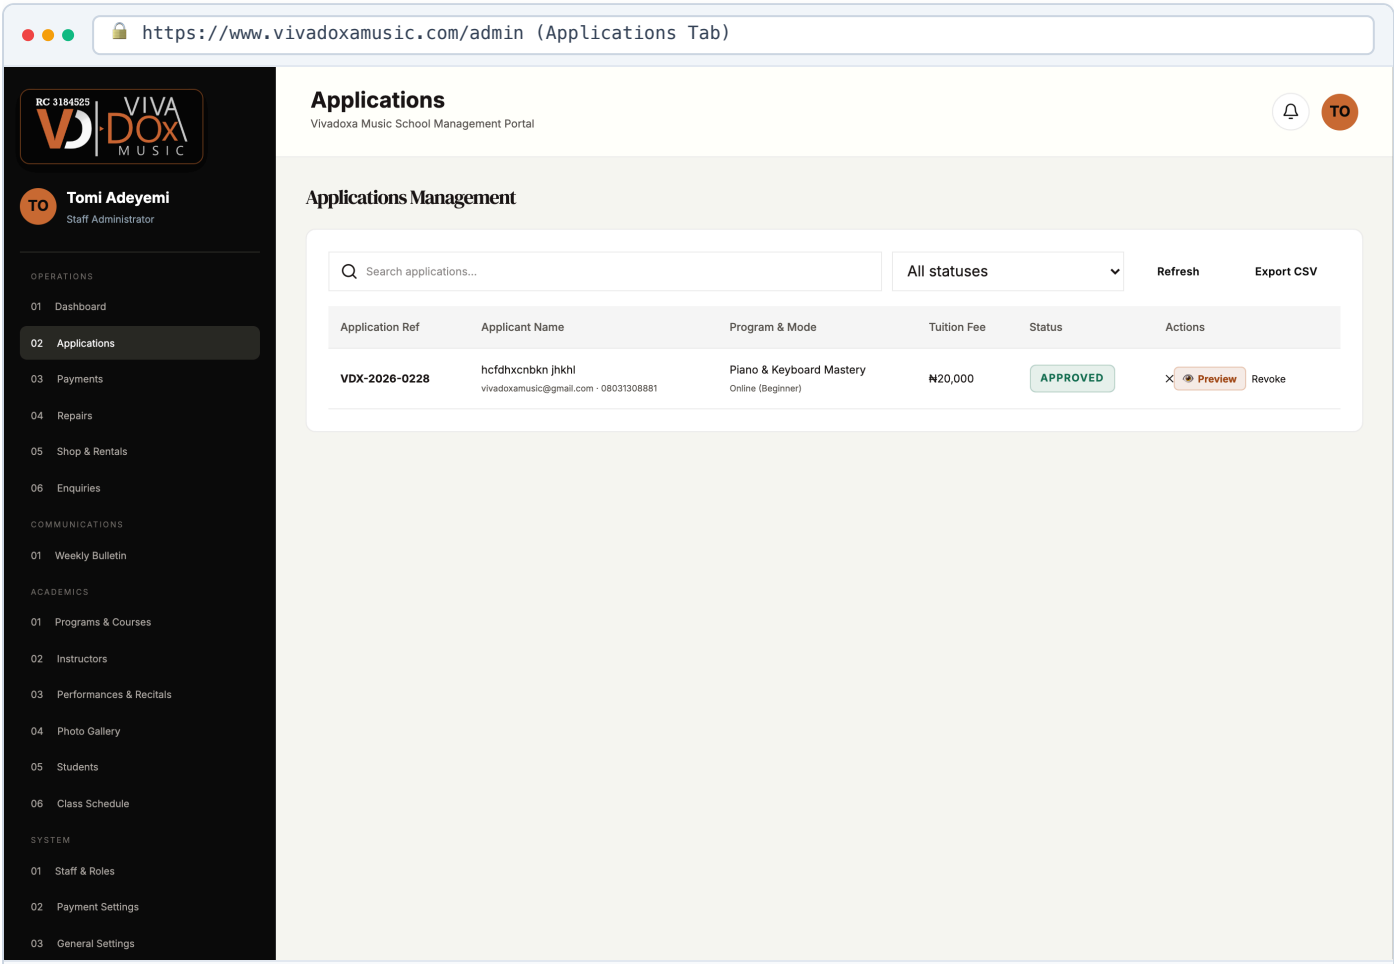

Figure 14.1: Admissions Desk: Candidate roster, program/status filters, details modal, and letter release controls. Live URL: https://www.vivadoxamusic.com/admin

Step-by-Step Admissions Review Workflow

1. **Filter by "Submitted" or "Under Review"**
   Use the status dropdown to isolate new applicants. You can also filter by instrument (e.g. Piano, Saxophone, Vocals) or search by student name or application number.

2. **Open Candidate Record & Verify Qualifications**
   Click on any candidate row to view the full dossier: age, prior experience, chosen study mode, sponsor contact, and requested timetable.

3. **Release Official Signed Admission Letter**
   Click **"Release Admission Letter"**. The system updates the status to *Admitted*, applies the CEO digital signature and Academic Conservatory Seal, and dispatches an automated congratulations email to the student with their document link.

4. **Revocation or Deferral (If Necessary)**
   If a student defers or an admission was made in error, clicking **"Revoke Admission Letter"** reverts the status and deactivates the online certificate view.

ADMIN OPERATIONS • MODULE 4

Bursary Reconciliation & Receipt Generation

The Bursary Desk at **https://www.vivadoxamusic.com/admin** (Payments Tab) handles payment reconciliation across automated card gateways (Paystack, Flutterwave, Stripe) and manual bank transfers.

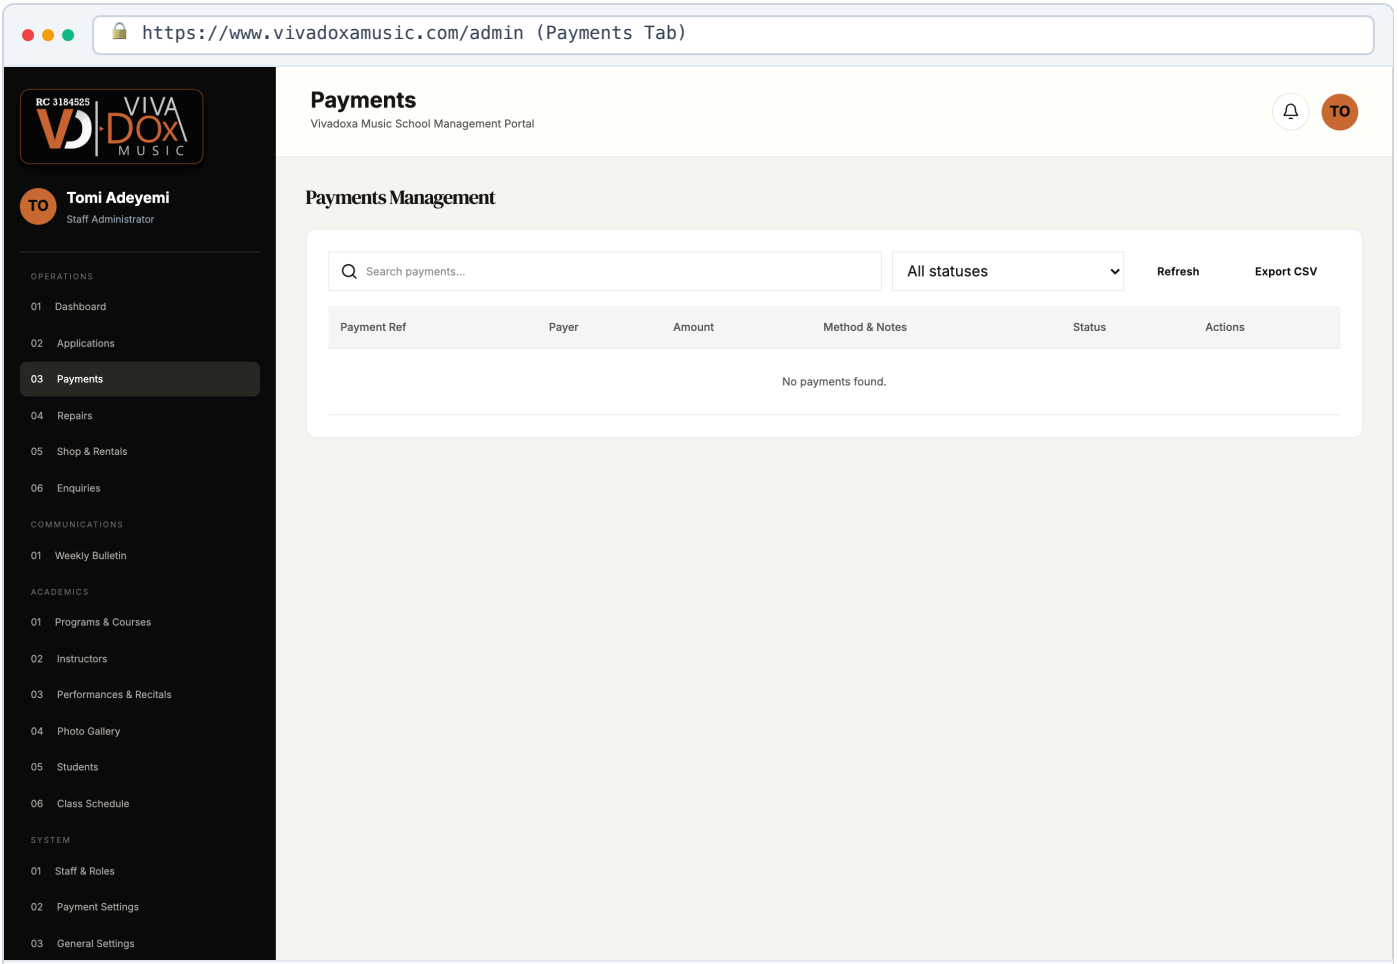

Figure 15.1: Bursary & Payments Desk: Reconciling bank transfers, verifying receipts, and approving tuition payments.

Live URL: https://www.vivadoxamusic.com/admin

Payment Verification & Clearance Steps

1. **Filter by "Pending" Payments**
   Locate unverified transactions. The table displays Payment Reference, Application No, Payer Name, Amount, Method, and Date.

2. **Inspect Uploaded Bank Transfer Proof**
   Click **"View Proof"** on bank transfer transactions to inspect the customer's uploaded bank debit receipt against the GTBank live bank statement.

3. **Approve Payment & Issue Official Receipt**
   Click **"Approve Payment"**. The status changes to *Confirmed*, the student balance updates, and the system automatically generates an Official Bursary Receipt available for download in the student's status tracker.

ADMIN OPERATIONS • MODULE 5

Workshop Repairs & Luthier Ticket Pipeline

The Repairs Pipeline at **https://www.vivadoxamusic.com/admin** (Repairs Tab) tracks instrument diagnostic assessments, repairs, quotes, technician notes, and automated customer alerts.

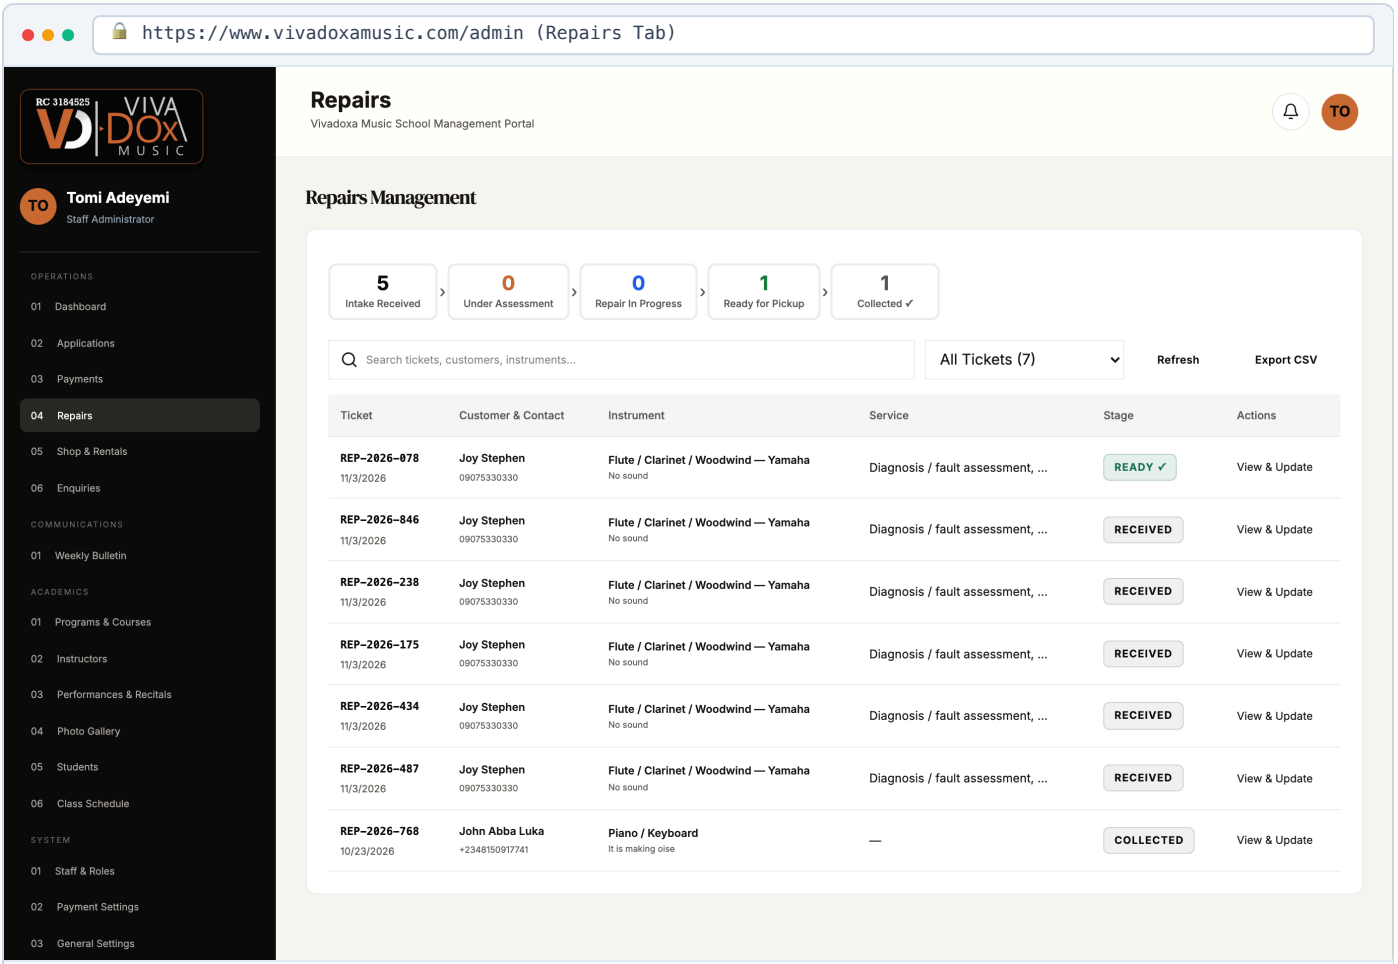

Figure 16.1: Workshop Repair Pipeline: Diagnostic staging, technician notes, parts cost calculation, and customer notification alerts.

Live URL: https://www.vivadoxamusic.com/admin

Repair Ticket Staging & Notification Protocol

1. **Intake & Physical Check-In**
   When an instrument arrives at the studio, locate its ticket reference or create a new check-in record specifying brand, model, serial number, and reported faults.

2. **Assign Technician & Log Diagnostic Inspection**
   Move ticket to *Diagnostic Inspection*. Assign a workshop luthier, log required parts (e.g. pads, strings, bridge), labor hours, and total estimate in NGN.

3. **Advance Stage to "In Repair" → "Ready for Pickup"**
   Update the stage dropdown and enter progress notes. Saving automatically sends a branded email alert to the customer with direct WhatsApp follow-up links.

ADMIN OPERATIONS • MODULE 6

Shop Products, Rentals Inventory & Orders

Managed via **https://www.vivadoxamusic.com/admin** (Shop & Rentals Tab), this module controls the academy's commercial store inventory, event sound rental catalog, and incoming customer orders.

Frequently Asked Questions (FAQ)

Q: How does the system prevent unauthorized admin logins?

Any sign-in attempt from an unrecognized IP address, device, or browser triggers an automatic 6-digit verification PIN dispatched to the staff member's registered email. The session expires if not verified within 10 minutes.

Q: What happens when an Admissions Officer releases an Admission Letter?

The system applies the official CEO digital signature and academic seal, sets the candidate status to *Admitted*, generates a cryptographic verification hash, and dispatches an automated branded congratulations email to the student with their document link.

Q: How do technicians update repair clients?

Technicians advance the ticket through the Kanban stages (*Diagnostic Inspection* → *In Repair* → *Ready for Pickup*) and enter workshop notes. Saving the update automatically sends a branded email alert to the client with direct WhatsApp follow-up links.

Q: How are student reschedule requests handled?

Students submit reschedule requests via the Student Portal. Administrators review the requested date, select an open practice studio and time slot, and approve. The system updates the timetable and notifies both student and tutor.
